

Complimentary VIP Treatment for those Struggling to secure a PPP loan

Many companies are now facing the most daunting economic challenge of our lifetime. We can help!

[Asset Enhancement Solutions, LLC](#) is serving as an agent for multiple direct lenders who are accepting and processing PPP loans via their secure online platforms. There is no cost to the applicant for our services.

Many lenders quickly disqualify applicants PPP loan requests if their application has any degree of complexity and is not simple and clear-cut. We on the other hand thrive on assisting applicants that have complicated issues.

We are focused on whatever it takes to get the applicant approved by our lenders! We are not competing with the services that CPA and Law Firms are providing to their clients in connection with the PPP Program. When our colleagues at commercial banks have to say “No” to an applicant, we are a trustworthy, professional and non-competing source that can accept and process PPP loans regardless of the existing banking relationship. We are only focused on helping the applicant get approved by one of our lenders.

To qualify for this personal service, you must process your application for the PPP loan through Asset Enhancement Solutions, LLC.

Applicants can immediately apply online for the PPP loan by [Clicking Here.](#)

VIP treatment we are providing includes:

- Assisting applicants one-on-one via Zoom as they complete their application online
- Consultation with 3rd party PPP experts to determine PPP eligibility for complex situations
